

MISBAHULLAH

SCIENCE EDUCATOR & MICROBIOLOGIST

+92 3462423269 | misbahullah.com | Al Jubail, KSA | misbahullah@gmail.com

PROFESSIONAL OVERVIEW

Educator and Microbiologist with **10 years of teaching service** in the Khyber Pakhtunkhwa Provincial Government. Holds a **Master of Education**, a **Master of Philosophy in Microbiology**, and multiple teaching certifications. Integrates scientific laboratory experience and safety protocols into foundational science education, alongside specialized tutoring in **food and health nutrition**. Positioned to apply **quantitative assessment strategies** and curriculum alignment to primary and secondary education environments.

PROFESSIONAL TEACHING EXPERIENCE

PART-TIME TUTOR (FOOD, HEALTH & NUTRITION)

Freelance / Distance Learning Education | 2019 – Present

- Instruct and mentor students in **Course 484 (Food & Nutrition)** and **Course 485 (Health & Nutrition)**.
- Develop and deliver targeted curriculum focusing on nutritional science, **food safety standards**, and public health guidelines.
- Assess student assignments, provide quantitative feedback, and bridge the gap between theoretical microbiology and practical health applications.

PRIMARY SCHOOL TEACHER

Government Primary Schools Swat, District Government KP Provincial | March 2016 – Present

- Instruct foundational subjects including general science and biology to classes of **40 or more students**.
- Completed over **10 years of continuous government teaching service** delivering curriculum in alignment with provincial educational standards.
- Administer **4 quarterly assessments per academic year** to quantify student academic progress and adapt lesson plans.
- Maintain classroom safety and manage environments for primary-level science demonstrations.

LABORATORY & RESEARCH EXPERIENCE

MICROBIOLOGIST

Shifa Clinical Lab, Swat, Pakistan | March 2017 – April 2019

- Conducted microbiological analyses on **200+ monthly samples**, including isolation and enumeration of microorganisms.
- Prepared and calibrated **15+ critical laboratory instruments daily** to maintain analytical precision.
- Documented findings and generated **50+ monthly compliance reports** adhering to quality assurance standard operating procedures.

MICROBIOLOGY INTERN

Veterinary Research and Disease Investigation Center, Balogram Swat, Pakistan | March 2016 – October 2018

- Processed **150+ routine samples weekly**, performing bacterial culturing and pathogen testing.
- Participated in **5 active disease surveillance projects** employing rigorous hygiene and contamination prevention protocols.
- Assisted in **3 major experiments** focusing on etiology and pathogenesis, contributing to a **20% improvement** in reproducible laboratory outcomes.

EDUCATION & TEACHING QUALIFICATIONS

- **Master of Philosophy (Microbiology)** | Kohat University of Science and Technology, Pakistan, 2020
- **Master of Education (Science Education)** | Allama Iqbal Open University, Spring 2018
- **Bachelor of Science (Microbiology)** | University of Swat, Pakistan, 2017
- **Bachelor of Education** | Allama Iqbal Open University, Spring 2015
- **Certificate of Teaching** | Allama Iqbal Open University, Autumn 2013
- **Primary Teaching Certificate** | Allama Iqbal Open University, Spring 2011

CERTIFICATIONS

- **Highfield Level 3 International Award in HACCP (Codex Principles)** | Highfield Qualifications, May 2026
- **Highfield Level 3 Food Safety** | Highfield Qualifications, June 2026
- **Diploma in Information Technology (DIT)** | KP-Board of Technical & Commerce Education, Sept 2022
